9/25/2017	8/7/2017
10/16/2017	8/28/2017
11/6/2017	9/18/2017
11/27/2017	10/9/2017
12/18/2017	10/30/2017

NOTE:

HUB Delivery schedules are dependent upon total tray quantities for the specified week. A minimum total of 150 trays (cumulative total) must be met to warrant a HUB delivery. To be included on the HUB delivery, you must place orders before the specified order deadline. Late order placement may not allow enough growing time for inclusion on the delivery.

Shipping costs will be determined by the quantity of trays delivered per delivery and the cost of the equipment and fuel required to deliver. Meaning that each delivery may reflect different costs per tray. Actual delivery date, time and location will be confirmed 7-10 days prior to the pre-planned delivery week.
